

Assembly (do this in secret)

1.) Build each box and arrange from 1- 6 on a table. Place the items in their corresponding boxes. (box 6's item will have to be poured into a bowl first). Close each box with 'no peeking' opening on top.

Game play

Read the crypt keepers intro then start with box 1.

Read the clue then let each child reach into the box and have a feel.

The children then have to guess what the ghoulish item is before you read out the pretend answer.

Do this for each box but only open the boxes to reveal what the real items are at the very end of the game to calm any fears.

Enjoy....muhahahaha.....

THE CRYPT KEEPER'S GAME

Hello kiddies...It's that spooky time of year so I've sent some ghoulish delights from the crypt that are sure to make your party a scream...

Reach inside each box if you dare....
